Mail Order Generic Drugs Copay	\$30 Mail Order Copay	
Mail Order Preferred Brand Copay	\$75 Mail Order Copay	
Mail Order Brand Copay	\$120 Mail Order Copay	

CLASSIC CHOICE PLAN PROVISIONS

Deductible

Each employer may elect one of the following calendar year In Network deductible amounts: \$500, \$1,000, \$1,500, \$2,500, or \$5,000.

The Out of Network deductible amounts are two times the In Network deductible amounts.

There is a per confinement copay of \$250 for each admittance as an inpatient to a non-preferred provider hospital.

Covered expenses incurred during the last three months of the calendar year and applied toward that calendar year's deductible may also be applied toward the following year's deductible.*

Family Deductible

The Family Deductible may be satisfied by combining all amounts applied to the individual deductibles for the insured employee and his insured dependents for the calendar year. The Family Deductible is three times the Individual In Network or Out of Network Deductible.

Coinsurance Share

There is an In Network Coinsurance Share and an Out of Network Coinsurance Share. The coinsurance share is the amount of covered expenses that an insured must pay after the deductible has been satisfied.

It does not include any copay amounts (including drug card copay amounts) or any amounts paid at 50% under any limitations.

Preferred Physician Office Visit Copay

There is a choice of a \$30 or \$40 copay amount for each office visit charge by a Preferred Physician, provided the office visit charge is for a covered expense. The copay applies to each office visit charge by a preferred physician, and it does not apply to charges other than the office visit charge itself.

If, during an office visit, a preferred physician performs and bills for x-ray or laboratory tests, we will waive the In Network deductible amount and pay the covered expense for those x-ray and laboratory tests at the In Network coinsurance percentage.

Non-Preferred Provider Charges

All charges by non-preferred providers are reduced to the 60th percentile of reasonable and customary before consideration.

Emergency Room Access Fee

There is a \$100 emergency room access fee for expenses incurred for emergency services provided in a hospital emergency room. This amount is in addition to any deductibles and coinsurance share amounts. The insured does not have to pay the emergency room access fee if directly admitted to the hospital as an inpatient following an emergency room visit.

Maximum Benefit Amount

The Maximum Benefit Amount is \$5,000,000.

Choice of PPO Network

We are better able to reduce the costs of health care through various PPO networks of physicians, hospitals, and other providers. The benefits and premiums for this plan are based on the assumption that insureds will use these preferred hospitals, participating physicians, and other providers who are members of the PPO Network selected by the group.

Partial Self-Funding of Benefits

The employer can select a higher deductible amount and offer the employees a lower deductible with the employer assuming the risk for the difference.

- Employer selects a high deductible amount (\$1,500 and higher).
- Employer chooses the deductible amount and/or coinsurance each employee or family must meet within that self-funded deductible.
- Employer will access his fund when an employee or family actually incurs expenses beyond their share of the high deductible or if the Wellness Benefit was selected.
- Employer reduces his health benefits expense without assuming significant risk while keeping superior benefits for the employees.
- We do the administration - including writing checks to providers on the employer's checking account.

* Does not apply when self-funding option is selected.

We offer administrative claim services for those employers who want to self-fund a portion of the deductible provided to their employees. This option is available to groups of 5 or more insured employees, with deductibles of \$1,500 or higher under the insured portion of the plan. There is a monthly per employee fee for processing the self-funded claims.

The following choices must be made by the employer:

- The deductible and coinsurance options for the plan and the underlying deductible and/or coinsurance share for employees with Individual Coverage and for employees with Family Coverage.
- Whether or not the employer wishes to add a Wellness Benefit which would be self-funded under the plan by the employer.

Pekin Life Insurance Company will process the claims under the self-funded portion of the plan. The employer will have these claims paid directly by us through the employer's checking account.

The employer must decide if he/she is funding any portion of the out of network expenses under the plan, or if he/she wants the employee to assume all out of network expenses. Once the maximum self-funded benefits have been paid, Pekin Life Insurance Company will pay any additional benefits according to the terms of the insured portion of the plan.

Pre-Certification and Utilization Review

Pre-Admission Certification

The Pre-Certification Hotline must be called when an insured is going to be admitted as an inpatient to a hospital or skilled nursing facility or when an insured is going to have surgery performed outside of their primary care physician's office.

The Pre-certification Hotline must be called at least 72 hours before an insured is scheduled for non-emergency surgery performed outside of the primary care physician's office or admitted to a hospital or skilled nursing facility for an inpatient stay. The Pre-certification Hotline must be called within two business days following emergency surgery or emergency admission to a hospital or skilled nursing facility. The Pre-Certification Hotline must also be called two months before the expected date of delivery in a pregnancy, and called again the day of delivery.

Continued Stay Review

The reviewer will assign a length of stay to the proposed admission (upon completion of the pre-admission certification). If your stay exceeds the recommended length of stay, the hospital (skilled nursing facility) or your physician should contact the reviewer, who will again review your case.

If insureds fail to have their admission or surgery pre-certified, then the first \$500 of covered expense incurred as a result of the surgery or admission will not be covered.

Covered Expenses

Covered expenses are subject to deductibles; coinsurance; copay, if applicable; the exclusions and limitations; and the maximum benefit selected.

Hospital and Other Facility Charges

- Semi-private room and board.
- Care in the Intensive Care Unit.
- Hospital services and supplies which are to be used while in the hospital.
- Emergency services in a hospital emergency room.
- Outpatient medical care and treatment.
- X-rays, radiation therapy.
- Chemotherapy, or similar treatment, provided in the office or the home, but the covered expense for chemotherapy provided through a physician's office will not exceed the reasonable & customary fees for home chemotherapy.
- Laboratory tests.
- Outpatient surgery performed in a licensed ambulatory surgical facility.

Physician Charges

- Physician office visits or hospital care
- Surgical services, including postoperative care, following inpatient or outpatient surgery; for multiple surgical procedures performed during the same operative session, covered expense will include 100% of reasonable & customary amount for the first surgical procedure, 50% of reasonable & customary amount for the second surgical procedure, and 25% of reasonable & customary for each additional surgical procedure.
- Assistant surgeon when medically necessary to perform the surgery, but no more than 20% of the amount allowed for the primary surgeon's fee.
- Injections and medication that is consumed at the physician's office.

Skilled Nursing Facility Care

(Subject to prior approval by our case management nurse.)
31 days per calendar year

Hospice Care

(Subject to prior approval by our case management nurse.)

Home Health Care

40 visits per calendar year (and not to exceed the cost for such care in an inpatient facility).

Miscellaneous

- Cytologic screening for the presence of cervical cancer.
- The laboratory work for an annual cervical smear or pap smear for female insureds.
- Coverage for breast prostheses and physical complications of all stages of mastectomy, including lymphedemas.
- Breast prosthesis or reconstructive surgery following a mastectomy or a malignancy, including surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Screening mammography as outlined below. The total allowable covered expense for screening mammography will not exceed 130 percent of the Medicare screening mammography reimbursement rate in the state of Ohio. The maximum allowable amount covers both the facility and professional charges:
 - One screening mammography for women age 35 to 39 years of age.
 - An annual screening mammography for women age 40 and older.

Providers are prohibited by law from billing you for more than 130 percent of the Medicare reimbursement amount.

- Blood, blood plasma, and its administration.
- Casts, splints, trusses, braces, and crutches
- Durable medical equipment, when we have preauthorized the purchase or rental.
- The initial purchase of artificial limbs, eyes, and larynx.
- Local ground ambulance transportation to the nearest preferred provider hospital able to provide the care, not to exceed \$1,500 in a calendar year.
- Air ambulance transportation to the nearest preferred provider hospital able to provide the care, not to exceed \$5,000 in a calendar year.
- Ostomy supplies.
- Surgical dressings for two months following surgery.
- The purchase of one pair of the following while insured under this policy:
 - One pair of orthopedic shoes.
 - One support stocking for each leg.
 - One article of similar apparel-type item.
- Anesthesia and its administration

- Allergens dispensed by a physician.
- Medications requiring a written prescription that are self-injected, except that insulin and syringes are only covered under the prescription drug card benefit.
- Examinations and laboratory tests for the detection of colorectal cancer as prescribed by a physician, in accordance with the published American Cancer Society guidelines on colorectal cancer screening.
- an annual digital rectal examination and a prostate-specific antigen test, for male insureds age 40 and over, upon the recommendation of a physician.

Transplant Benefit

- We will pay 100% of approved transplant services if they are performed at a designated transplant facility. (Contact Pekin Life Insurance Company for a list of designated transplant facilities.) This would include transportation for the insured member to and from the designated transplant facility, as well as lodging for one member of that person's immediate family. The maximum amount we will pay for food and lodging for the accompanying family member is \$10,000, with a daily maximum benefit amount of \$200. The organ procurement and acquisition costs are also covered in full when performed at a designated transplant facility.
- If a non-designated transplant facility is used, we will pay 70% of the covered expense in excess of the deductible. Once the insured has paid 30% of \$100,000 of covered expense, then we will pay 100% of the covered expense for the rest of the calendar year during which the organ transplant occurred. There is no coverage for transportation and lodging or for organ procurement and acquisition if a non-designated transplant facility is used.

Prescription Drug Card Benefit

- The Prescription Drug Card is included with the group policy. Before any benefits are paid by us, a prescription deductible must be incurred in a calendar year. For a prescription drug order filled at a retail pharmacy, it must not exceed the lesser of a 34-day supply or 100 unit doses. The insured pays the prescription deductible and then the copay amount or a stated percentage (as in Schedule of Benefits) of the cost of the drug, whichever is greater. For a prescription drug order filled from the mail service program, a 90-day supply may be obtained. The insured must have satisfied the prescription deductible and then must pay the mail order copay amount (as in Schedule of Benefits). The "generic prescription copay amount" is used when a generic medication is purchased. The "preferred brand prescription copay

amount” is used when a brand medication that is on the “preferred brand medication list” is purchased and for which there is no equivalent generic drug. The “brand prescription copay amount” is used when a brand medication is purchased that is not on the “preferred brand medication list” and for which there is no equivalent generic drug.

- The prescription drug card is designed to cut employees' costs by reducing the amount charged for prescriptions by participating pharmacies. The insured will pay the difference between a brand and generic drug, if there is an equivalent generic drug available and not taken. For prescription covered expenses and exclusions, please refer to the policy certificate booklet.

Limitations

When an insured receives treatment for the following limited benefits, the plan's regular coinsurance percentages, coinsurance share amounts, and copay amount may not apply.

Chemical Dependency

The benefit payable for all treatment of chemical dependency including alcoholism and drug addiction, is limited to 50% of the covered expenses in excess of the deductible amount.

The total benefit payable for all covered expenses for the treatment of chemical dependency both inpatient and outpatient, is limited to \$10,000 for each insured in a calendar year. However, if the \$10,000 is exhausted by treatment for chemical dependency other than alcoholism, we will allow at least \$550 for treatment of alcoholism in a calendar year.

Manipulative Therapy

The benefit payable for outpatient treatment consisting primarily of manipulative therapy is limited to 50% of all covered expenses in excess of the deductible amount.

The total benefit payable for all covered expenses for outpatient manipulative therapy is limited to \$1,000 for each insured in a calendar year.

Physical Therapy

Expenses incurred for outpatient physical therapy will be considered covered expense. The expense will be subject to all policy provisions. The maximum benefit that will be paid for outpatient physical therapy is limited to \$3,000 for each insured in a calendar year.

Occupational Therapy

The maximum benefit that will be paid for outpatient occupational therapy is \$1,000 for each insured in a calendar year.

Speech Therapy

The maximum benefit that will be paid for outpatient speech therapy is \$1,000 for each insured in a calendar year.

Sterilization

For insureds who have been on this policy or the former policy for 12 months, we pay 50% after the deductible has been satisfied.

Child Health Supervision Services Benefit

We will pay for covered expense for child health supervision services for a child from birth to the age of nine. Any applicable coinsurance amounts will apply.

We will not pay more than \$500 for child health supervision services, including a required hearing screening, during the period from birth to age one.

We will not pay more than \$75 for the hearing screening.

We will not pay for more than \$150 per year for child health supervision services for a child age one to age nine.

Pre-Existing Condition Limitation

- If an insured is not a late enrollee, an expense incurred for treatment of a pre-existing condition during the insured's first 12 months of coverage will not be considered a covered expense.
- The 12-month period will be reduced by the amount of time the insured was covered by qualifying creditable coverage the insured has as of the enrollment date.
- Pre-existing condition means any illness or injury, whether physical or mental, for which medical advice, care, or treatment was recommended for or received by the insured within the six-month period before his/her enrollment date.
- Pregnancy is not considered a pre-existing condition.

Exclusions

This policy does not cover and no benefits are payable for charges for, or related to:

- An act of war.
- Service in the armed forces.
- Complications arising from excluded treatment, except for complications of pregnancy.

- Commission of a felony or illegal activities.
- Services that are not medically necessary.
- Services for which no benefit is defined or described in the policy.
- Incidental appendectomies.
- Treatment of educational or training problems, learning disorders, marital counseling, or social counseling.
- Services provided by an employee of a school district, or a person contracted to provide services for a school district; or services available through a school system.
- Norplant, or any items that can be used for contraceptive purposes, except as provided under the "Contraceptive Benefit."
- Any experimental/investigational service, supply, or treatment.
- The use of any services or facilities of a federal, Veteran's administration, state, county, or municipal hospital, except where we or the insured are legally required to pay the expenses.
- Treatment of an injury or illness caused by or resulting from an illness or injury of the insured, if the illness or injury is recognized as a compensable loss by the provisions of any workers compensation act, employer liability law, occupational disease law, or any similar law of a state or federal government, or other governmental subdivision, under which the person is or could be protected on a mandatory basis, whether or not such protection is afforded; or would have been recognized had the insured made claim within the appropriate time limits. If the workers compensation-type coverage has denied a claim, but the insured is still pursuing coverage with the workers compensation-type coverage through a state or federal commission or agency, or other legal entity, benefits will not be payable under this policy until the insured certifies he/she no longer intends to pursue coverage through the workers compensation-type coverage.
- Eye examinations for the correction of vision or fitting of glasses or contact lenses.
- Hearing aids, eyeglasses, frames, contact lenses, denture.
- Any dental treatment, dental surgery, or extractions; except for the treatment of injuries to whole natural teeth. The treatment must be performed during the first 12 months after the date of injury.
- Any service or supply not recommended or approved by a licensed medical practitioner.
- Any treatment or surgery that results in the improvement of appearance, except for that which is the result of an injury. The treatment must be performed during the first 12 months after the date of injury.
- Services or supplies that are not for the diagnosis or treatment of an existing illness or injury, except as provided under any “Wellness Benefit for Preventive Care” or “Child Health Supervision Services Benefit.”
- Immunizations or vaccinations, including Synagis or similar immunization agents, except as provided under any “Wellness Benefit for Preventive Care” or “Child

Health Supervision Services Benefit”.

- Abortions, except where the mother's life is threatened.
- A well newborn's initial hospital confinement, except as provided under a specific provision titled “Pregnancy Paid Like Any Other Illness”, or “Child Health Supervision Services Benefit.”
- Normal pregnancy or childbirth, except as may be provided in this policy under a specific provision titled “Pregnancy Paid Like Any Other Illness.” However, expense that is incurred for a complication of pregnancy, will be considered covered expense, and paid like any other covered illness.
- Any orthodontic procedure or appliance.
- More than one ultrasound examination for a normal pregnancy.
- Amniocentesis, except for the diagnosis or treatment of an existing complication of pregnancy.
- Reversal of sterilization procedures.
- Nonmedical services and supplies.
- Any oral medication intended to be self-administered except as may be provided under the Prescription Drug Card Benefit.
- Durable medical equipment, unless we have preauthorized the purchase or rental of the equipment.
- Any service or supply that the insured is not legally required to pay for, including any forgiveness of deductible, copay, or coinsurance by a provider.
- Any surgery for the correction of a refractive error.
- Treatment received in the emergency room of a hospital, except when emergency services are being rendered.
- The replacement of a piece of durable medical equipment or a prosthesis.
- Custodial care.
- Child Health Supervision Services for a child age 9 or older.
- Services furnished by the insured or a member of his/her or his/her spouse's immediate family, or by a person who regularly lives in his/her home.
- Hospital charges for the first weekend in the hospital if the insured is admitted to a hospital on a Friday, Saturday, or Sunday, except when the admission is for emergency services, or when surgery is performed the next morning.
- Treatment related to the restoration of fertility or promotion of conception including in vitro fertilization.
- Nutritional supplements.
- Animal to human organ transplants.
- Replacement of human organs by artificial or mechanical devices.
- Treatment of nicotine, caffeine, gambling, computer, or similar addictions.
- Any medical treatment, surgical procedure, weight reduction program, membership dues, or clinic fees for the treatment of obesity, including morbid obesity; any surgical procedure to remove excess tissue caused by weight loss.

- A sterilization procedure performed during the insured patient's first 12 months of coverage under this policy or the former policy.
- By a registered nurse (RN) for private duty professional nursing services.
- Sclerotherapy for varicose veins.
- For devices used specifically as safety items or to affect performance primarily in sports-related activities.
- Temporomandibular joint disorder or craniomandibular disorder.
- Medical or surgical treatment of upper or lower jaw alignment conditions or malformations including orthognathic surgery.
- Wigs or hair prosthesis.
- Routine foot care related to corns, calluses, flat feet, fallen arches, weak feet, or chronic foot strain, except that routine foot care for patients with diabetes will be covered; shoe inserts, casting for orthotics, and orthotics.
- Physical conditioning programs such as athletic training, body-building exercises, fitness and flexibility programs.
- Surrogate parenting.
- The services of a massage therapist, athletic trainer, or masseuse; acupuncture or acupressure treatment.
- Fetal treatment.
- Sexual transformation.
- Breast reduction surgery, except when performed in conjunction with reconstructive surgery following a mastectomy.
- Treatment performed outside the United States, except when an emergency.
- Removal of breast implants that were implanted solely for cosmetic reasons.
- Growth hormone treatment, except when such treatment is medically proven to be effective for the treatment of documented growth retardation due to growth hormone deficiency, growth retardation secondary to chronic renal failure before or during dialysis, or for patient with AIDS wasting syndrome. Services must also be clinically proven to be effective for such use and such treatment must be likely to result in a significant improvement of the insured's condition.

Optional Health Coverage

The employer may choose from the following optional coverages for the group policy. If selected, they will be included in the group proposal.

Pregnancy Paid Like Any Other Illness

Expenses of a normal pregnancy are paid the same as any other covered illness, if this option is selected. Groups with two to four employees require a minimum of two family-type coverages to have the pregnancy benefit. This optional benefit may only be added at the time of issue or upon the next renewal date after a request to add is made. This benefit may be deleted on the next renewal date after such a request is made. Once deleted, maternity cannot be re-added later.

If we pay benefits for the pregnancy, then expense incurred for the well newborn child's initial confinement will be considered a covered expense. The expense will be subject to all major medical policy provisions.

For a covered pregnancy, hospital services for inpatient care provided to the mother and the dependent newborn child will be covered for:

- A minimum of 48 hours following a vaginal delivery; or
- A minimum of 96 hours following a cesarean section.

A physician-directed source of follow-up care will be considered covered expense when:

- Medically necessary; or
- During the first 72 hours after discharge, if the hospital discharge occurs before the minimum hours of inpatient stay has passed.

Follow-up care includes a physical assessment of the mother and newborn, parent education, assistance and training in breast or bottle feeding, assessment of the home support system, performance of any medically necessary and appropriate clinical tests, and any other services that are consistent with the follow-up care recommended in the protocols and guidelines developed by national organizations that represent pediatric, obstetric, and nursing professionals. The care can be provided in a medical setting or through home health care visits. However, care provided through home health care visits will only be covered if the health care professional who conducts the visit is knowledgeable and experienced in maternity and newborn care.

If a newborn child needs treatment for an illness or injury, benefits will be available for that care only for the first 31 days after the newborn's birth. You must apply for coverage for the newborn and pay any premium due within 31 days after the newborn's birth in order to have the coverage continue beyond such 31 day period.

Contraceptive Benefit

If the policy contains this benefit, it will be shown on the schedule of benefits.

This benefit provides coverage for oral contraceptives, injections for contraceptive purposes, including Depoprovera and Norplant, and for contraceptive devices which require a written prescription before dispensing.

Wellness Benefit for Preventive Health Care

This optional benefit is available if the employer selects it. We will pay 100% of the reasonable and customary charge for expense incurred for preventative health care, consisting of a history and general physical examination, immunizations, and the following tests when ordered in conjunction with the wellness exam:

- Blood screening tests such as screening tests for cholesterol level, diabetes, sexually transmitted disease, PSA test, and liver function.
- Chest x-rays, electrocardiograms, and stress tests.
- Screening tests for colon cancer.
- Tuberculosis skin test.
- Routine vision exams

We will not pay more than the maximum wellness benefit for each insured in a calendar year for expense incurred for preventive health care.

Expense incurred to monitor or treat an existing illness or injury will not be covered under this provision.

Employee Life and AD & D Insurance

Group Life Insurance and Accidental Death and Dismemberment protection are both included and are required coverage. The life insurance amount for an insured employee reduces 35% at age 65 and an additional 35% at age 70.

Choose from a flat amount of \$15,000 or more, or a multiple of salary, not to exceed \$50,000 or two and one-half times salary for groups with 2 to 14 employees. The life amount selected by the employer will be indicated on the group quote proposal. Groups with 15 or more employees may choose a life maximum amount based on the volume of the group. Check with the underwriter.

Dependent Life Insurance

Dependent Life Insurance is optional to the group. The amount of life insurance on each dependent varies by group size. For groups with 2 to 14 employees, the employer may select \$5,000 on the spouse, \$2,500 on children 6 months of age and older, and \$250 on children age 14 days to 6 months. Groups with 15 or more employees may select any life amount for dependents, as long as it is equal to or less than the employee life amount and is a minimum of \$2,000. The amount for children 14 days to 6 months is 10% of the amount for children 6 months and over. The amount selected by the employer will be indicated on the group proposal.

Weekly Benefit or Loss of Income Rider

If selected by the employer and indicated on the group quote proposal, this optional coverage replaces a portion of the employee's income lost due to an injury or illness. The waiting period and the amount of weekly benefit should be coordinated with any employer-sponsored sick time. The disability must begin while the employee is insured. Payment will begin after the waiting period and will never exceed more than 70% of the employee's salary. Benefits will be paid for a period no longer than the benefit period selected by the employer. For employers with less than 15 employees, the waiting period is zero days for accident, seven days for sickness, and benefits will be paid for 26 weeks. For employers with 15 or more employees, the following options are available:

Waiting Period for Accident	(0, 7, 14, or 30 days)
Waiting Period for Sickness	(7, 14, or 30 days)
Benefit Period	(13 or 26 weeks)

Benefit changes due to a change in salary will occur only on January 1 of each year and will be based on the salary as of that date. No coverage is provided for any period of partial disability.

Administrative Guidelines

Employee Eligibility

All active full-time employees working at least 25 hours (small group) or 30 hours (large group) each week are eligible for coverage.

Employees beginning work on a full-time basis after the policy is effective become eligible following the completion of a waiting period chosen by the employer.

Dependent Eligibility

Dependents are eligible when the employee is eligible. Eligible dependents include the employee's spouse and unmarried children to age 19, or to age 25 if a full-time student in classroom attendance, or a child dependent on the insured for full maintenance and support due to mental retardation or physical handicap.

Participation Requirement

At least 75% of all eligible employees not covered by other health insurance must participate in the health insurance plan. A minimum of 50% of all eligible employees must participate in the health insurance plan, and a group must never have less than two employees

Number of Eligible Employees	2	3	4	5	6	7	8	9	10+
Minimum Participation Required	2	3	3	4	5	6	6	7	75%

insured under the policy.

Contribution Requirement

The employer must contribute a minimum of 50% toward the employee-only premium, or 25% of the employee and dependent premium.

Underwriting

All applicants are to complete all sections of the application. Also, it is necessary to include a Certificate of Creditable Coverage, if the applicant has had any other health insurance coverage in force in the 12 months before the application date.

- **Adding a new employee**

If an employee or his dependents apply on or before the date they are eligible, they will become insured on the date they are eligible. If an employee or his dependents apply within 30 days after the date they are eligible, they will become insured on the premium due date following the date they apply.

- **Late enrollees**

Employees who are late enrollees (as defined in the policy) will be eligible for coverage during the late enrollee "open enrollment period" which is held in November and December of each year. They are then subject to an 18-month pre-existing condition limitation period. Coverage for the late enrollee will become effective on January 1 following the date of application.

Coordination of Benefits

If a person has medical or dental coverage under another group plan, we will coordinate our benefits with those of that plan.

Renewability

This plan may be nonrenewed or terminated for the following reasons:

- Fraud or misrepresentation
- Noncompliance with the policy's minimum participation requirements
- Noncompliance with the policy's employer contribution requirements
- Noncompliance with plan provisions
- Repeated misuse of the Preferred Provider Network provisions
- The group is not actively engaged in any business

Premium Changes

Premiums may change if there is a need for new rates after the policy has been in force for 12 months, or sooner than 12 months if the group has taken on substantial health risks since initially written. Also, if not all health information was disclosed at the time of issue, we may go back to the original issue date and charge the appropriate premium. We will give the group at least 30 days notice of any rate change, except rate changes due to changes in coverage.

For those groups issued with 2 to 14 employees, employers need to be aware that the employee rates are "banded" in 5-year age bands. Whenever an employee has a birthday that moves him into a new age band, then the premium for that employee unit will change that month, regardless of when the policy was written.

Coverage Continuation

Continued coverage may be available after termination in accordance with the appropriate state regulations.

COBRA continuation of health insurance is also offered to groups required to comply with that law.

Right of Reimbursement

If an insured receives benefit from us and a third party, we have the right to recover our benefit.

Termination of Employee/Dependent Coverage

The insurance will end on the earliest of the following dates:

- The date any premium due is not paid; or
- The premium due date following the date the employee or the dependent no longer meets the definition of an employee or dependent; or
- The date the group policy terminates.

The employer may choose to leave employees on the plan for a fixed period of time if an employee is laid off, granted a leave of absence, or is totally disabled. The period of time is chosen by the employer when the policy is issued.

Disclosure of Information

Information concerning the Group policy is available upon request by a small employer. Contact us at the Group Department, 2505 Court Street, Pekin, Illinois 61558. Some of the information available upon your request is information concerning:

- The provisions of the policy concerning our right to change premium rates and the factors that may affect changes in premium rates.
- The provisions of the policy relating to renewability of coverage.
- The provisions of the policy relating to any pre-existing condition exclusion.
- The benefits and premiums available under all health insurance coverage for which the employer is qualified.

Requesting a Proposal

A proposal can be requested by submitting a "Request for Group Proposal Form LG213", to the Pekin Life Insurance Company's Home Office. These forms can be obtained from the Home Office.

Pekin Life Insurance Company plan provides agents the ability to rate small groups of 2 through 14 employees by using our Intranet Rating System.

Enrolling a Group

Contact your Pekin Life Insurance Company Group Underwriter immediately when a quote has been accepted. They will see that an enrollment kit is sent to you the same day. Please request the enrollment kit from the Home Office to avoid enrolling a group on the wrong application. All applications must be submitted at the time of enrollment.

Premiums shown in the proposal have been computed using the data that was furnished to us. We reserve the right to adjust the premiums if the enrollment information differs from the information that was used to compute the premiums. The health of those enrolling may also affect the premiums.

Before coverage can start, we must approve the group. The first month's premium, the master application, and an enrollment form completed by each employee must be received by us prior to the desired effective date before we can approve the group.

Advise your client not to cancel existing Group coverage until written notice is received from Pekin Life Insurance Company verifying acceptance and the effective date of coverage.
